

## Akros Silicon Product Compliance

Akros Silicon certifies (based upon information collected from subcontractors), AS1113 products meeting or exceeding regulatory requirements with respect to the use of hazardous substances.

Akros Silicon's products are in compliance with the RoHS directive and do not contain the substances listed in the table below in concentrations greater than the listed Maximum limit value.

| Substance                              | Maximum Limit (ppm) |
|--|---------------------|
| Cadmium (Cd)                           | 100                 |
| Lead (Pb)                              | 1000                |
| Mercury (Hg)                           | 1000                |
| Hexavalent Chromium (Cr 6+)            | 1000                |
| Poly Brominated Biphenyls (PBB)        | 1000                |
| Poly Brominated Diphenyl ethers (PBDE) | 1000                |
